MATERIAL SAFETY DATA SHEET

	SECTION 9 : PHYSICAL AND	CHEMICAL PROPERTIES					
APPEARANCE :	Pale yellow-orange liquid						
ODOR :	Aromatic, animal and zesty						
REFRACTIVE INDEX :	NA						
SOLUBILITY :	Soluble in alcohol and oils. Insoluble in water.						
SPECIFIC GRAVITY :	N/A						
FLASH POINT :	57 °C						
MELTING POINT :	N/A						
BOILING POINT :	N/A						
APOR PRESSURE :	N/A						
VAPOR DENSITY (AIR = 1) :	NA						
OPTICAL ROTATION :	N/A						
	SECTION 10 : STABILIT	TY AND REACTIVITY					
STABILITY :	Chemically stable. This material presents no significa	ant reactivity hazard.					
CONDITIONS TO AVOID :	Avoid sparks. Ilarne and excessive heat.						
MATERIAIS TO AVOID :	Strong midizing agents.						
FLAMMABILITY :	Combustile liquid.						
HAZARDOUS POLYMERIZATION :	Will not occur.						
HAZARDOUS COMBUSTION :	When heated to decomposition produces acid fumes	and carbon monoxide smoke.					
	SECTION 11 : TOXICOLO	DGICAL INFORMATION					
INHALATION :	Inhalation ot high concentration of vapor may result in	n irritation on eyes.					
SKIN CONTACT :	Repeated or prolonged contact can cause redness. in						
EYE CONTACT :	May irritate eyes.						
NGESTION :	Low order vorticity arising iritation of the stomach and	Low order vorticity arising iritation of the stomach and intestines, resulting it nausea and vomiting.					
MEDICAL CONDITIONS	May aggravate dermatitis, psoriasis and other skin co	onditions					
AGGRAVATED BY EXPOSURE :							
REPRODUCTIVE TOXICITY : ACUTE TOXICITY VALUES :	No adverse effects on reproduction are known. No data is currently available.						
	SECTION 12 : ECOLOG						
TOXICITY OF PRODUCTS OF	Very toxic to aquatic organism; may cause long-term N: Avoid any pollution of ground, surface or undergroun						
BIODEGRADATION :

When utilized by professionals following the conventional good manufacturing practices, the aromatic materials are not severly dangerous. However, the preceding precautions and the following general operation rules must be respected. Keep the product away from any food or drink. It is an industrial product and must not be ingested as such Eating, drinking and smoking should not be permitted in handling and packaging areas. Cases of auto-flammability of several fragrance materials are reported. Consequently, the materials used to mop up the product (sponges, absorbent papers, sawdust, etc...) must be rapidly eliminated. The refuse-bins in the manufacturing areas must be cleared out. Transfer to a flammable waste container and incinerate at approved site. The product must not be heated with, or exposed to, open flames or other sources of ignition. Do not expose the product to unprotected electrical equipment. Never overheat the product. Do not breathe hot vapours. In any case of potential poisoning, get medical advice.

SECTION 17 : DISCLAIMER

The information above is given is good faith and is believed to be accurate and represents the best information currently available to us. However, we make no warranty of merchantability or any other warranty, express or implied, with respect to such information, and we assume no liability resulting from its use. Users should make their own investigations to determine the suitability of the information for their particular purposes. In no event shall ZAYAT AROMA INC. be liable for any claims, losses, or damages of any third party or for lost profits or any special, indirect, incidental, consequential or exemplary damages, howsoever arising, even if ZAYAT AROMA INC. has been advised of the possibility of such damages. This data is not to be constructed as absolutely complete since additional data may be desirable when particular conditions or circumstances exist. This data relates only to the specific material designated and not to be used in combination with any other material. Many regulations pertain directly or indirectly to the product's end use and disposal of containers and unused material. It is the purchaser's responsibility to familiarize themselves with all applicable regulations.
